

Founders' Biography & Vision

The Visionaries Behind Great 'A' Genesis Academy

Great 'A' Genesis Academy was founded by two distinguished professionals, Mr. Kayode Boboye and Pastor (Mrs.) Biola Boboye, both accomplished retired bankers whose passion for education and societal development inspired them to establish an institution dedicated to shaping future leaders.

Having spent decades in the financial sector, the founders recognized that the true wealth of any nation lies not in its natural resources, but in the quality of its human capital. Driven by a deep desire to give back to society and contribute meaningfully to nation-building, they envisioned a school that would provide children with the knowledge, values, skills, and opportunities needed to thrive in an ever-changing global environment.

Their dream was to create more than just a school; they sought to build a nurturing educational community where every child would be empowered to discover their potential, develop strong character, and acquire the competencies required to become responsible leaders and change-makers of tomorrow.

With this vision in mind, Great 'A' Genesis Academy was established as a center of excellence committed to delivering quality education through world-class teaching, state-of-the-art facilities, and a supportive learning environment. The founders were determined to provide pupils and students with access to modern educational resources, purpose-built facilities, innovative learning technologies, and holistic developmental opportunities that would prepare them for success in the twenty-first century.

At the heart of their vision is the desire to raise God-fearing, disciplined, confident, and intellectually sound learners who are equipped to face the challenges of modern life while remaining grounded in strong moral values. They believe that education should not only impart knowledge but also build character, inspire creativity, foster critical thinking, and cultivate a lifelong passion for learning.

The name "Genesis" was carefully chosen because it symbolizes a beginning—a starting point for greatness. For the founders, every child who passes through the gates of Great 'A' Genesis Academy embarks on a journey of discovery, growth, and excellence. The school serves as the foundation upon which future leaders, innovators, professionals, and nation-builders are developed.

Today, the legacy of Mr. Kayode Boboye and Pastor (Mrs.) Biola Boboye continues to be reflected in the school's unwavering commitment to academic excellence, technological innovation, character formation, and global competitiveness. Their vision remains clear: to nurture a generation of learners who will not only excel academically but will also make meaningful contributions to their communities, their nation, and the world at large.

Through Great 'A' Genesis Academy, they have created a lasting platform where young minds are inspired, talents are nurtured, dreams are cultivated, and tomorrow's leaders are prepared for a future of limitless possibilities.
